Year-End Financial Report for 2021:

Income: \$79,966.73

The church remains stable and the giving has been consistent this month.

Rental House Athens Street:

We are expecting to have the house rented by February 2022.

For Covenant 2022 is a year of transition and change:

We will be trailblazing a new ministry path guided by

the Holy Spirit to move the church into our new normal and beyond. This will be done in the following ways.

(1) The Church vision for 2022 is **Spiritual Passion** and **Spiritual Awakening**.

For more details see attached pages.

(2) The church will be developing two new ministry areas (1) **Community Outreach** (2) **Mental Health**. Please read the attached pages for more details and the sub ministries under each main ministry area.

(3) Here are the changes that we are facing in the **post-covid-19 future**. Please see attached pages.

(4) We will also be developing a **Church Prayer and Support Ministry**.

Other information:

The church attendance for 2021 is attached to show

in person and online attendance.

We also did very well with our online giving for the first full year and it has been a positive asset to increase the church's giving.

Because of the trend of our attendance, the church will have to develop its **Technology Ministry** which means (a) improving online service (b) purchasing equipment and (c) seeking a tech support person.

Because of Covid-19 and all the changes the church has been forced to face, the changes the church is making in 2022 are as if we are working 3 years ahead. So, the churches we are making now will affect 2025. I look forward to another blessed year in the ministry of Covenant, but one full of change, strong faith, and determination.
